

DON'T BE BALD

Here's a Good Way to Stop Loss of Hair and Start New Hair Growth.

If the hair root is absolutely dead, permanent baldness will be your lot, and you might as well cheer up as to bemoan your fate.

If your hair is falling or thinning out, don't wait another day but go to English Drug Co. and get a bottle of Parisian Sage, the truly efficient grower.

Don't say, "It's the same old story; I've heard it before," but try a bottle at their risk. They guarantee Parisian Sage to grow hair, to stop falling hair, to cure dandruff and stop scalp itch, or money back.

Parisian Sage contains just the elements needed to properly invigorate and nourish the hair roots. It's a prime favorite with discriminating ladies because it makes the hair soft, bright, and appear twice as abundant. It is antiseptic, killing the odors that are bound to arise from excretions of the scalp and, as every one knows, sage is excellent for the hair and scalp.

Parisian Sage is inexpensive and easily obtainable at drug and toilet counters everywhere.

The postoffice at Roaring River, Wilkes county, T. J. McNeill, postmaster, was robbed Tuesday night of last week of about \$100 in cash. In the safe, which was demolished by the explosion, were several hundred dollars in stamps and some registered letters, which were not taken.

HOW CATARRH IS CONTRACTED

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided.

Obtainable everywhere.

WOODROW WILSON

President of the United States

"HE HAS KEPT US OUT OF WAR"

This is the face of a man strong, courageous, patient and kindly, a man--

Always alert to the aspirations of his fellow-man and sympathetic toward their fulfillment;

Never complacent toward the encroachments of privilege nor tolerant of social wrong;

Always seeking to enhance the dignity of labor and better the state of the toiler;

Never lending an ear to the sophistry of exploitation or the blandishments of expediency;

Always patient to hear and weigh, to appraise and analyze, and passionate to find the way of right;

Never premature in purpose nor prejudiced in judgment, and never headlong in decision--

Such is WOODROW WILSON.

THE NEW TRUST

It is all over but the voting--and then, Wilson for Four Years More. Four years more of peace and prosperity while the wheels of the nation drive on toward our destined goal--World Leadership!

That is to be our destiny.

Nothing can stop it but a return to the reactionary party which for forty years saved its bosses' bacon while the people, the great American people, struggled onward toward individual and collective freedom.

Yes, the nation came into its own not because but in spite of the Republican Party. It was the American people who cleared the forests, drained the swamps, blazed the trails, opened the mines, dug the coal and the gold, made the prairies into wheat and corn fields, and fenced in the great plains for cattle.

The American people, sprung from the loins of men who dared and women who toiled, have laid the foundation of the greatest Republic known to history, and raised thereon the fairest flower of civilization in all the world. All this has been done despite the handicap of Political Bosses and the unscrupulous toll of Predatory Interests.

While the Pioneer grew into the Settler and the Settler became the Farmer and yellowed the vast plains with the bearded grain and browned them with the russet corn--

While barefooted children trudged down the shady lane or over the long hill to the little red school house to read of the wisdom of their Benjamin Franklin, the patriotism of their Patrick Henry, the ingenuity of their Robert Fulton, Eli Whitney, and Robert Hoe, the democracy of their Jefferson, of the only Washington who fathered his country, of the immortal Lincoln who saved, and whose spirit will forever unite the nation--

While these little children around the old stove sang "My Country, 'tis of Thee, Sweet Land of Liberty"--

While these same little children at night at their mother's knee learned to bow their heads to their God who had given them birth in the Land of the Free and the Home of the Brave--

While simple men sweated and toiled on and loved their work and their home and their country--

While sweet faced mothers delved in toil and span strong men to do the nation's work:

Greed crept forth clad in frock coats and a well distended skin and an oily tongue, and slowly, surely, insidiously gathered up the fruits of the sweat and the harvest of the fields, orchards and mines, and by special privilege, by fraud, by bribe, by graft, by trickery, by knavery, by treachery, yes, and by treason caused themselves to become the richest clique known in the world's history.

The core of this clique is the permanent inner ring, the Invisible Government of the Republican Party.

This clique, disagreeing on a candidate four years ago, fell out, and the American People came back into their own under the leadership of Woodrow Wilson, who has held inviolably sacred that trust thus put into his hands by Fate. And by the grace of God the American People propose to go on with that tried, true, great man who trusts them because he knows they trust him.

Woodrow Wilson is a new Trust in American life--greater than all others--greater because he stands for no Trust, is backed by no Trust, and is the candidate of no Trust but is the trust of the whole American people, who love him because he has kept them out of war, honor him for his courageous Christian humanity, and thank him for his broad statesmanship and his fearless, intelligent leadership.

By his deeds and by his acts as well as by the enemies he has made, his place in the roll of American honor is secure--Washington, Lincoln, Wilson.

Woodrow Wilson deserves the vote of every man and every woman in every state in the Union.

A SHORT TALK TO DEMOCRATS

It is very important that every Democrat in Union county who will be entitled to vote on November 7th should be registered. This election is one of the most important in the history of the United States. It is important to re-elect Woodrow Wilson to the Presidency of the United States; it is important that we should give T. W. Bickett, a native son of Union county, a great big majority for Governor; it is important that we should give L. D. Robinson, our candidate for Representative in Congress from the 7th district, a great big Democratic majority, because there are several counties in this congressional district that are going to give Republican majorities for Mr. Robinson's opponent. It is very important, too, at every general election that every Democratic voter should go to the polls, because the number of votes cast for the Democratic candidate for Governor fixes the number of votes that the Democracy of Union county shall have in the State Convention. At present we have only about 12 votes in the State Democratic Convention, while if every Democratic voter in the county would cast his vote in the coming election, we would have about 24 votes in the State conventions and the Democracy of Union county would have its proper place and influence in State policies and government; and, of course, we want to give our County Ticket a big majority over the Republican vote.

Registration books will be opened in every precinct on next Saturday, October 7th, at 9 o'clock a. m. and, kept open every day (Sundays excepted) from 9 a. m. till sunset, until sunset on Saturday, Oct. 28th.

If you are not registered you can not vote. Let every Democratic voter, not already registered, be sure to get his name on the Registration books. Young men who will become 21 before the last day of registration should get their names on the registration books; but any young man who will become 21 in the period after October 28th until November 8th (the day after election) may register and vote on the day of election.

Remember the registration days: October 7th to October 28th, every day except Sundays.
